

imagine unified communications...

Telephone systems for the LEISURE industry.....

Realising the benefits for Leisure businesses

- **Reception Taxi Phones - hotline - income to you**
You get the revenue rather than BT by renting out a simple phone to a Taxi firm for calling their cabs.
- **Save on line rentals**
Payphones, PDQs and lift phones can be extensions thus saving line rental.
- **Reduce ineffective marketing**
You gain the ability to use the phones to track the effectiveness of your website or advertising from reception's call logging software. Some hoteliers have halved their ineffective marketing costs.
- **Front of House system for Reception**
A complete, low cost, solution for small hotels or used as middleware to integrate to premium software such as Fidelio in larger hotels and chains
- **Cost control in Hospitality**
You can install and manage remote sites without leaving your office and implement centralised cost tracking, security alerts and departmental billing – reducing total cost of ownership.
- **Paging**
Reception can find out where you are by paging through groups of telephones.

- **Call Barring**
Set calling permissions on a per telephone basis to minimise your phone bills.

Some of Abbey Telecom's customers:

- Accrington Golf Club
- Waves Waterfun Centre
- Accrington Stanley Football Club
- Shadsworth Leisure Centre
- Daisyfield Swimming Pool

Any business any size

The modular design of the OfficeServ 7000 platforms means there is a solution with the same features and functions for every size of organisation. The OfficeServ product range features a common set of handsets and applications,

- OfficeServ 7100 - for the small business
- OfficeServ 7200 - for mid-sized organisations
- OfficeServ 7400 – for large sites or the Head Office of a national chain & multi-site organization
